About Us: Imlay City Molded Products (ICMP) has been in the business of providing our customers with the highest quality injection molded plastic products and services since 2000. We pride ourselves in keeping our rates low and our expectations high. We realize that our integrity is measured by the quality of parts and the customer's satisfaction.

We would like the chance to quote your product, from mold design through to production.

Please call or e-mail for Quotes: Corey Drayer, Sales Engineer **810-721-9100**
